

SUISA'S contracts and copyrights in the programs of CANAL+ and CANAL+ FOOT

valid from 28 october 2024

1. COMPENSATION FOR COPYRIGHTS - SUISA

Anyone wishing to use music in an advertising programme, hereinafter referred to as TV spot, in programmes of CANAL+ and CANAL+ FOOT must license the recording or reproduction thereof with the Cooperative Society of Authors and Publishers SUISA. The advertising client (or its media or advertising agency or agent) is responsible for the payment of the reproduction rights (tariff "VN"). Admeira AG is responsible for the payment of the broadcasting rights according to tariff «S».

1.1. SUISA tariff "VN" (Recording of music on audio-visual carriers)

Each TV spot, with or without copyrighted music, requires a licence in accordance with SUISA's "VN" tariff and is assigned a SUISA number for control purposes. The TV spot is identified exclusively by means of this number. Admeira AG cannot broadcast a TV spot without SUISA authorisation. Please note: Every change of picture and/or sound requires a new SUISA number. Different language versions are awarded the same SUISA number, provided the images, duration, music content and music portion are completely identical.

1.2. SUISA Tariff «S» (Broadcasting of Commercials with Music)

The copyright remuneration for the broadcasting of TV spots in TV programmes of CANAL+ and CANAL+ FOOT is based on SUISA's tariff «S».
